Check Out some New Rock

by Nicole Diaconoff

Well, as you probably know, we here at WRUW are celebrating our 20th anniversary this year, and it is in that spirit that this article is written about some good new records we have acquired here.

One of my personal favorites is a compilation from Shimmy Disc called *The 20th Anniversary of the Love*. The record contains quite a variety of styles in the rock genre, ranging from hardcore to the sloppy industrial sound of a band called Krack House.

Their song on the album is called "My Revolution", which, appropriate to the theme of the album, borrows some lines from Beatles songs (with some changes) and makes a reference to "the hellish summer sun of 1967".

In the area of local talent, we have Mark Edwards, a.k.a. My Dad is Dead, with his new release. The record is called *Peace, Love, and Murder* (which come to think of it, also fits in with the 20 year retrospective aspect) and the

label is Birth Records from Boston. Mark plays all the instruments and does the singing as on the previous My Dad is Dead record.

To me this seems somewhat reminiscent of Big Black, except without the loud guitars. Taking a look at the enclosed lyric sheet reinforces this opinion: "And he'll hold you like a vise, squeezing out your will. Wringing it out, drop by drop. No resistance..."

Dossier Records has yet another good release out. It's a compilation entitled *Dossiers* which includes songs by Elliot Sharp, Chrome, Z'ev, Controlled Bleeding, Minimal Man,

and others in the noise and experimental vein. It's definitely not the *same* kind of stuff that we were playing in 1967!

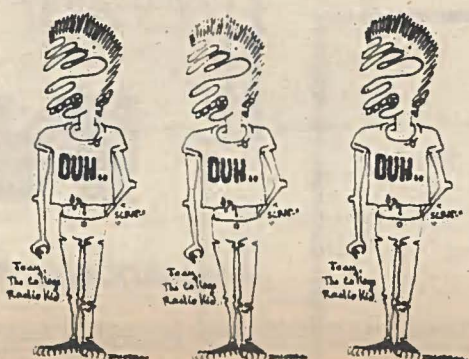

For those of you who like Scraping Foetus Off the Wheel, there's the new Wiseblood record, *Dirtish*. This group contains Jim Thirwell a.k.a. Clint Ruin of Foetus fame and the sound is quite similar.

Another band worth mentioning is called End Result on Ruthless Records, which is incidentally the same label Big Black used to be on. Since the copyright date on the record is 1985, it's not actually all that new, but hey, it's new to us.

Steve Albini is thanked in the credits as well. It's loud and guitar oriented, if you're into that, and it has anguished screaming, too. Check it out.

Finally, this article couldn't go without a mention of the ambiguously titled *Smack My Crack* compilation, which includes Diamanda Galas, Einstürzende Neubauten, the Butthole Surfers (whose full name can't be printed in the PD), and related material.

It's rock 'n' roll kids. There's lots of other good stuff here which I couldn't possibly fit here, so you'll just have to listen to WRUW to find out about all the others. Now get out in that hellish summer sun and join the revolution!

An alternative to the reggae reggae show. There's more to reggae music than just Bob Marley, Peter Tosh, and Steel Pulse. This program features a blend of Caribbean and African influenced music including Reggae, Ska, Soca, Calypso, and Mhaqanga. Dance Hall Reggae is plentiful on this show. This style of reggae which includes toasting and DJ style reggae is classic Jamaican Rap which actually pre-dates all the American Rap and Hip Hop music now popular. This style was pioneered in the early 70s by U-Roy and Lone Ranger and even earlier by Prince Buster in the 1960s.

Prince Buster also happens to be the main man of Ska, which is the real "roots" of reggae. The Ska of the 1960s is basically Jamaican jazz with heavy syncopation. Modern Ska is more like 90 mph reggae with lots of horns and intense skanking energy.

Calypso is also played occasionally. Harry Belafonte and the Percentie Brothers are worth mentioning when speaking of Calypso. Soca is basically modern disco-calypso with lots and lots of horns. Perfect music for those sun-bathin' days.

Let's not forget about Mbaqanga (aka Zulu Jive) which is the music of the townships in Soweto, South Africa. You've all heard this style of music on Paul Simon's album Graceland. Along with Township Jive, you will also hear Swahili tarabu music from the coast of Kenya and dance music from Zimbabwe.

Much of the music on this show is very upbeat and danceable -- Nothing depressing and never boring. You can "Nice It Up" and "Shake It Up" and "Rock your Body" to the heavy rhythms of The Rude Boy Train. "Check it mahn!"

7:30 pm BIRD CALLS Bill Anderson

A program inspired by Charlie Parker, Duke Ellington, Charles Mingus, Thelonious Monk, and other creative musicians.
